HALF HOUR OLD WINNIPEG BABY IS KIDNAPPED

Police Have No Clue to Mystery Although Working on Case Three Days.

MIDWIFE SAID HOUSE TOO COLD TOOK CHILD AWAY

Parents Are Poor So No Hope for Ransom Can Be Entertained.

Winnipeg, March 2.—Winnipeg has a mystery of a half-hour old kidnapped baby. The police have been working on the case since last Wednesday, but have not been able to find even a theory. Last Tuesday afternoon the wife of J. B. Jones, 200 Gouge street, gave birth to a baby. The only one with her in the house at the time was a midwife, Mrs. J. M. Anderson, the husband being out looking for work.

The new-born baby was latched by the midwife and cried lustily. Half an hour after it was born Mrs. Anderson said that the house was too cold for it and that she would take it to her home. Accordingly she wrapped it in a comforter and disappeared. Since that time the parents have been unable to secure a trace of the child or woman.

Mrs. Jones only had a hazy idea of where Mrs. Anderson resided as she had engaged her over the phone. When Jones came home he started out to find the baby. He went to the district where the midwife was thought to have lived but he could find her there.

On Wednesday he called in the police and although they have worked diligently since then, not a bit of light has been thrown on the mystery.

Mr. and Mrs. Jones have been married only two years and this was their first child. They formerly resided at Bangor and Estemay, Sask., and Mrs. Anderson, who is of Swedish nationality, also resided at Estemay for some time. Mrs. Jones knew the woman at Estemay and is at a loss to understand why she had kidnapped the child. The Jones family is in poor circumstances and she could have no hope of a ransom being offered.

RESTRICTED MARKETS DOES MUCH TO KNOCK FARMING IN THE WEST

(Special to the Capital.)
Buffalo, N. Y., March 2.—Alberta farmer and investor visiting here relates an experience of his own to show how the market for his province are most unsatisfactory. Last year he had a bumper crop of excellent wheat and had samples sent to mills in New York, who were enthusiastic over the quality, and said it should grade several carloads of his wheat. The farmer says that had there been no tariff barrier he could have sold several carloads of his wheat to the mills at a good price. He was obliged, however, to sell most of it as people who were in haste to have things done were forgetting what they themselves would have to do, that they would have to contribute to the tariff and would something to do it if they were willing to wait, the president indicated, such a step might not be necessary.

It is expected that in about a year from now the G. T. P. will place a line of steamships on the Pacific between Victoria and the ports of the Orient. Mr. Newman's mission to Victoria is in connection with the provincial government for finishing the work on Prince Rupert's hydro-electric scheme, which will supply the city with light, heat and power at moderate rates.

Benton Investigation Commission Prevented From Viewing the Body

Reasons For Constitutionalists Actions Cannot Be Ascertained—Not Known Whether Permission Will Be Denied Altogether—Instructions Were Given by General Carranza.

Juarez, March 2.—The Benton investigation commission yesterday was prevented from proceeding to Chihuahua to examine the slain Briton's body by rebel orders. Col. Fidel Arilla, military commander here, declined to permit them to board the train. The commission was told that the reasons for the refusal were given by General Carranza. It could not be learned here whether the commission would be permitted to go to Chihuahua at a later date or whether permission to view the body might be given to the military commander. The Benton investigation commission was prepared to board a waiting passenger train when instructions were received by the military commander from General Carranza forbidding them to make the trip.

BELIEF GENERAL BENTON'S CORPSE BURNED IN LIME

Refugee Colony Thrown Into State of Excitement and Anxiety.

VILLA ACKNOWLEDGES THE AUTHORITY OF CARRENZA

President Will Demand Action of Some Kind, But Intervention Serious.

El Paso, March 2.—Marion Letcher, American consul at Chihuahua, arrived here on a special train today for the purpose of conducting the Benton investigation commission to Chihuahua. When he will return was not certain.

General Carranza Responsible. Chihuahua, Mexico, March 2.—General Villa said today that the orders delaying the Benton investigation commission, which was halted at Juarez yesterday, were issued by General Carranza, who has determined to handle all diplomatic subjects himself.

22 Paso, Texas, March 2.—The peremptory halting of the Benton investigation commission as it was about to take a train, the sudden appearance in this city today of Marion Letcher, American consul at Chihuahua, and General Villa's admission of his opinion that General Carranza, an American, "was murdered by his enemies," today threw the refugee colony here into a state of excitement and anxiety.

Letcher arrived on a special train and at once went into conference with Zach L. Cobb, collector of customs and closely identified with Secretary Bryan in Texas politics, and with George C. Carothers, special agent of the state department.

Telegrams to Washington were dispatched, but their contents were not made known here. Members of the investigation commission did not know whether they were to proceed to Chihuahua. They had only a slight hope that such a mission might be productive of evidence as to the manner of Benton's death, for belief was general that if the body was not in an advanced state of decomposition, it probably had been mutilated by quick lime or some other chemical.

Necessitated Investigation. Washington, March 2.—That General Villa has acknowledged the authority of General Carranza as his chief, and will not permit the American commission to examine the body of William S. Benton today of the latest phase of the Mexican situation.

The president told callers that the desire of the commissioners to get further instructions from Washington as well as orders from General Villa himself, necessitated a postponement, but Mr. Wilson takes it for granted that the commissioners will start in a few days.

Change of Policy.

Asked whether, in view of the new developments, a change of policy was intended by the United States immediately, the president pointed out that a country of the size and power of the United States could afford to wait just as long as it pleased—that nobody doubted its power and nobody doubted that the United States was eventually to retire, that there was no hesitation in forming the judgment that what the United States failed to accomplish in Mexico would be accomplished, but that those people who were in haste to have things done were forgetting what they themselves would have to do, that they would have to contribute brothers and sons and sweethearts to do it if they wanted something done right away. If they were willing to wait, the president indicated, such a step might not be necessary.

The president was demanding radical action of some kind or armed intervention, which he seemed to deplore.

Had No Enemies.

Mr. Patterson, an American, asserted that her brother had no enemies in the world. He was a locomotive engineer and not of a revolutionary character, which would recommend him to anyone desiring to employ a spy. Mr. Patterson said. His statement that the alleged court martial that he went to Juarez "to get drunk" was accepted by Mrs. Patterson as the truth.

Victim of Assassination.

General Villa expressed the belief that General Carranza was arrested at Juarez as a spy two weeks ago, was the victim of an assassination, occasioned the surprise here, when the German American's sister, Mrs. J. M. Patterson, and others interested in the case, had been assigned to the conclusion that Carranza was slain at Juarez a week ago last Friday. They do not accept the personal enemy theory, however.

MIDWIFE SAID HOUSE TOO COLD TOOK CHILD AWAY

Parents Are for Ra...

Winnipeg, Man., March 2.—The mystery of a half-hour-old baby who disappeared from his home in the city today, was not solved today. The police have no clue to the mystery, although they are working on the case three days.

The new-born baby was found in a state of excitement and anxiety.

LORD MINTO DEAD; FIGURED LARGELY IN WEST'S HISTORY

As Governor General of Canada From 1898 to 1904 Was Very Popular.

IN REIL REBELLION HE DISTINGUISHED HIMSELF

Described by Troops as a Kind and Gallant Officer—An Active Life.

Bulletin—London, March 2.—Lord Minto died at 4 o'clock yesterday morning.

Lord Minto was governor general of Canada from 1898 to 1904, and both he and Lady Minto were as popular with all they met generally throughout the dominion as they were in England. In India, too, all members of the family were extremely popular, both with Europeans and natives. Lord Minto was called upon to use a strong hand in fighting the rebellion which was spreading throughout the country, and twice, once at Barrackpore and once near Ahmedabad, attempts were made on his life with bombs.

An Old Soldier.
Educated at Eton and at Trinity college, Cambridge, Lord Melgund, as he was then, entered the Scots Guards in 1847. Since then he has been captain of the Roxburgh rifles, captain in the army service and colonel with the rank of brigade-general, commanding the South of Scotland volunteer brigade. He was for a short time in Paris during the communist rising in 1871 and three years later he was a respondent of the London Morning Post during the Carlist rising in Spain in 1873. During the Russo-Turkish war he was a military secretary with the Turkish army on the Danube when he was present at the bombardment of Nicolopolis and the crossings of the Danube.

On Roberts Staff.
In 1878 he served as a volunteer on the staff of Field Marshal Lord Roberts during the Afghan campaign. In 1881 he accompanied Lord Roberts to South Africa as his private secretary. When the Egyptian war broke out in 1882, Lord Melgund was appointed a captain in the mounted infantry, was wounded at the action of Magfar, and afterwards commanded the mounted infantry in Cairo. He has been mentioned in despatches and thanked in general orders.

When the Marquis of Lansdowne was appointed governor-general of Canada in 1883 Lord Melgund accepted the position in which he was then serving in the Dominion, that of military secretary. This friendship was accentuated by the action of Lord Melgund when the Reil rebellion broke out. At once he gave up his duties at Bideau Hall and went to the front with Lord Lansdowne as his private secretary. He was a military secretary to Sir Alfred Middleton in which capacity he did good service and endeavored himself to all the Canadian military with whom he came in contact.

Reil Rebellion Veteran.
Lord Minto's active participation with Canadian life began with his appointment as military secretary in 1885 when the northwest rebellion broke out. He at once volunteered and went to the front as chief of the staff of Major General Middleton. Soon after he arrived at the front he earned a place in the commanding officers diary. Lord Melgund, who was then his courtesy title, was engaged in the Reil rebellion. An official report of the major general contained the following paragraph under date of April 15: "Major Melgund, with Major Boulton and his scouts to reconnoitre towards the enemy. They returned with Major Melgund having captured three Indians of White Camp, the American Sioux Indians band."

Battle of Fish Creek.
At the battle of Fish Creek he found himself about two miles from the scene of the encounter with the river bridge between him and the other members of the brigade. Lord Melgund improvised a ferry and landed his horse on the other side but too late to take part in the engagement.

Lord Melgund continued as chief of staff, taking charge of the general arrangements. Just before the decisive engagement at Batafleur he was sent back to Ottawa, but later returned before the government as to the necessity for reinforcements as it was then thought that the campaign would last much longer. Major Melgund, in his "Reminiscences of the northwest rebellion," thus speaks of his return to the front: "We were sorry to lose him, for a kinder or more gallant officer I never knew served with me. Lord Melgund was among the specially mentioned by Major General Middleton as deserving of credit for their conduct during the rebellion."

STEEL WITHIN TEN MILES OF SAWIDGE; RAPID PROGRESS MADE

Progress on the Edmonton, Dunsmuir and H. C. railway is proceeding as fast as is predicted by J. M. Arthur, contractor. In January, the steel having now reached within ten miles of Sawridge, and it is expected that by the middle of this month it will be ten miles beyond Sawridge. At the end of January the steel was at the point when navigation opens up this spring it will be possible to make the trip from the city to Graveland, at the other end of the lake and only 45 miles from Peace River Crossing, by train to Sawridge and from there by boat, by boats. Steel will pay daily on the lake this summer, and it is possible that trains between Edmonton and Sawridge will also run daily.

Bright, Ruddy Cheeks For Pale Girls No Longer Any Need to be Pale, Weak or Anemic

By Following the Advice of Miss McEwen You Can Quickly Become Strong Again.

The pallid girl always lacks appetite. What little she eats is badly digested.

At night she is restless, she does not sleep soundly. Vital force must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton has invaluable experience in these cases and found a cure so prompt in building up young women as his vegetable pills begin by cleansing the system and purifying the blood, they then improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the system is strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by the use of Dr. Hamilton's Pills.

The following recent letter from Miss Rita McEwen, of Hamilton, speaks for itself:

"In using Dr. Hamilton's Pills I find my system (weak and pale) built up. It is certainly the most effective remedy I ever used. I have now a good appetite, sleep more soundly, and awaken in the morning feeling quite refreshed."

Formerly I felt tired and depressed. I looked as if a severe illness were hanging over my head.

"Nothing could give quicker results than Dr. Hamilton's Pills, and I strongly advise every young woman to use them."

All dealers sell Dr. Hamilton's Pills, 25c per box or five boxes for \$1.00, by mail from The Cataract Co., Buffalo, N.Y., and Kingston, Ont.

MAN FOUND DEAD ON C.N.R. TRACKS BANDY MULTITATED

No Witnesses to Accident—Deceased Not Yet Identified.

ARM IS SEVERED AND HEAD ALMOST CUT OFF

Railway Officials and Police Do Not Think There Has Been Foul Play.

A man thought to be J. Kruger was found dead this morning about six o'clock on the C.N.R. tracks, just opposite the freight shed. One arm was completely severed from the body and the head was almost severed, useless, hanging on by some skin.

Just how the accident occurred is a mystery as to no witness, it is not up to the time of going to press he had not been identified. It is thought the accident happened about twenty minutes to six, as there has been no train passing on No. 1 track since the eleven o'clock train last night, and it was about this morning when the seven o'clock eastbound train backed down this track prior to pulling up to the station and it was but a few minutes after that that the body of the man was found lying beside the track. The arm was severed from the body and the head was almost severed from the body. Judging from the appearance of the body, both the head and one of the arms must have been lying across the rail when the train passed over it.

When asked by the Criminal reporter if there was a possibility of foul play, he said:

WOMAN'S HEAD IS BEATEN TO PULP BY MAD HUSBAND

French Canadian Farmer Commits Awful Crime—Does Not Realize It.

HAS BEEN STRANGE FOR THE PAST SIX MONTHS

Arrangements Were Being Made to Have Vermett Committed to Asylum

Winnipeg, March 2.—Joseph Vermett, a French-Canadian farmer living near the village of St. Norbert, about eleven miles from Winnipeg, murdered his wife Saturday night. The man is insane.

Leaving Vermett's neighbor and the four young children of the murderer and his victim in the house, Vermett and his wife went out to a coal shed about 8 o'clock Saturday night to bring in some fuel. Vermett carried a lantern and the woman had a pistol.

They went down to the coal shed and Vermett was lying near and struck her over the head. He followed this with his bare fist until her head was beaten to a pulp. Then he leaned up against the wall and waited.

The ten-year-old son found him there half an hour later and when he told his grandfather what he had seen they decided to barricade the doors. Vermett, however, but did not attack them.

Instead he went upstairs where the three children were sleeping. The boy ran for help and when a short distance from the house met two brothers of Vermett. They rushed into the house and Vermett hearing them, came downstairs. Early this morning he was brought to Winnipeg and placed in jail. He does not seem to realize what he has done.

Vermett was seriously ill last June and had been acting strangely since that time. He had stolen a horse and had been acting towards that and other things in a very strange manner. There are four children, the eldest being a girl 15 years old.

ADVENTURES OF A DIME LAUNDRY BILL; A PITIFUL STORY

The west is the place to make money, and it is generally supposed that everybody "soaks" everybody else and that the man or firm which pays money for goods or service sometimes doesn't get the worth of his money, and that the person or firm getting the money makes an exorbitant profit.

This, however, was not the case this morning when a representative of the south side laundry received payment from the Canadian Pacific for some laundry work done some time ago. After the work was done a bill for the palatially exorbitant sum of 12 cents was rendered to the laundry, and the laundry was notified by C. S. Frye, city clerk agent, that the amount was waiting in his office.

This morning a collector from the seven o'clock eastbound train backed down this track prior to pulling up to the station and it was but a few minutes after that that the body of the man was found lying beside the track.

The arm was severed from the body and the head was almost severed from the body. Judging from the appearance of the body, both the head and one of the arms must have been lying across the rail when the train passed over it.

SAYS CHILD LABOR WAS ABOLISHED BY THE LABOR UNIONS

An interesting discussion developed at the weekly meeting of the People's forum last night in regard to strikers and their justification. R. C. Barron stated that as only 22 per cent had so far been successful the loss and suffering entailed had not been justified. However, he admitted that labor unions had done a lot of effective work in increasing wages, decreasing hours and abolishing child labor. He also spoke in favor of compulsory arbitration, but Joe Adair, who followed, said that he was strongly opposed to it, and characterized the Leblanc act as absurd and inefficient. Prof. W. H. Alexander took the opposite view to Mr. Barron of strikers, maintaining that it was inevitable that economic strikes in the acute stages resembled war and the rules of war should hold good. He made a strong appeal for personal rights as against property rights. S. H. Clowes also spoke and prior to the speeches gave a reading, "A Fence on an Ambulance."

BIG PUSH FROM STATES HEADED

Immigration Agent at Kansas City Writes of the Increasing Inquiries.

DALLAS PAPER TALKS OF PORTE EXHIBITS

Office of Industrial Commissioner is Being Flooded With Communications.

The citizens of Edmonton as well as the residents of the surrounding districts and indeed the whole of central Alberta will be interested in reading of the success attending the exhibit now being seen in Texas. J. L. Porte who has been travelling for many months through central Alberta and has had wonderful success in practically all the places visited. The people of Dallas, Texas, have taken an especial interest in what this province is offering to prospective settlers and as a result Industrial Commissioner Hall is daily receiving dozens of inquiries from men who are seriously contemplating making a move to the north. One day last week when the Capital representative was present 21 of these inquiry cards came into the office in addition to a number of letters along the same lines.

Many Letters Received.

A letter from G. A. Cook, the Canadian government agent at Dallas, City, regarding the work being done by J. L. Porte at the different fairs, the commercial of a leading Dallas daily paper, and a sample letter taken from a big list of letters of a similar tenor are given below:

"The Canadian government agent at Kansas City, G. A. Cook, writes as follows to Industrial Commissioner Hall: 'Allow me to congratulate you on the splendid work which Mr. J. L. Porte accomplished at the following fairs, Atchison, McPherson, Newton, Wichita, and Winfield, Kansas, also Dallas, Texas.'

"I might say, we have had a large correspondence, largely through the results of his work, and also expect a large number of immigrants to be sent very largely for Edmonton owing to Mr. Porte's efforts. I assure that his work is well spent, and I consider that there is no better field for this work than through Missouri, Kansas, Oklahoma, Texas and Arkansas. This is a large field and the people are getting discouraged owing to the drought in this country."

"Should you continue this work, which I have no doubt you will, I am anxious to extend to you my hearty co-operation in the work."

Weather in Canada.

Under the heading "Is It Cold in Canada?" leading daily paper in Dallas, Texas, has the following to say about the Alberta exhibits and the country from which they come:

"J. L. Porte, assistant industrial commissioner of the city of Edmonton, Alberta, Canada, who is in charge of an exhibit from that far-off section, stated yesterday that he had explained the difference between Alberta and Texas cold more than a thousand times in the last three days. Standing around a display of wheat, oats, rye and other grains, the straw of which is two to three times as long as usually found in the south, Mr. Porte is trying to make his numerous visitors understand that the climate of Alberta is not nine months winter and three months late in the spring."

"The Central Alberta exhibit, while not extensive, is very complete and aptly illustrates progress and wonderful agricultural resources."

Here is a list received last week from a man in the States who has been in to see the exhibit, and has seen what possibilities are for himself and his friends:

"November 1 I took a farmer friend of mine up to Edmonton district to look around. We both like the country. I have about 21 people interested, and I guess they are all going soon. Some of them are jacking up now. However, what I want to ask you is—what is the price of kerosene oil and gasoline? They are awfully dear here or not, would you pay for a gasoline engine up."

We are all going west of Edmonton, Trust the C. N. R. will be generous in the British Government by the offer of a money indemnity to the widow, prove to be groundless. Slackening of Official Interest on Post Mortem on Deceased's Body.

**MONEY INDEMNITY RUMOR
PROVED GROUNDFLESS**

Possibility There Will Be No Reparation Until War is at End.

Washington, March 2.—William Benton, the British subject slain at Juarez was unarmed and was shot to death in Villa's office according to information which has reached Washington officially.

While no statement to this effect was made by the British government, the official interest in the prepared post mortem on Benton's body was evident, the belief being that the examination would be useful only in that it might serve to supply the evidence of witnesses who possibly otherwise would withdraw their oral statements.

Carried No Arms.

One version of the affair says: Benton carried no arms when he approached Villa's office in Juarez. He was unarmed and was shot to death in Villa's office according to information which has reached Washington officially.

He was shot through the stomach after he entered the office and received other wounds afterward. It is declared.

The post mortem, it is said, may serve to confirm the character of the wounds, though the probable state of the body in a tropical climate eleven days after death may defeat even this purpose.

Rumors that tentative offers have been made by the constitutionalists to the British government by the offer of a money indemnity to the widow, prove to be groundless. At any rate, it is certain that no such proposition has been made to any responsible persons, and it is known that it would not be entertained if made.

Government and Labor Men Estranged Over Deportation

Ukter Problem for the Moment Obscured by South African Affair—
Ministerial Party Losing Control of the Mass
of Trades Unionists and Workers.

London, March 2.—Ukter is for the moment obscured by the controversy over the deportation of the South African labor leaders by the Union government. This not so much because of questions regarding its legality, which will, it is understood, be tested both in the British and South African courts, but more on account of the belief that the affair will further separate the ministerial and labor party. It has been apparent for some considerable time that the labor and parliament leaders are losing their control of the mass of trade unionists and workers. These have shown increasing signs of following their own course, irrespective of the advice tendered to them. Sir strong as the pressure became upon the labor leaders in and out of parliament have been compelled to appear to lead movements with which they are not vitally in sympathy.

Six Seats Are Lost.

Six seats have been lost to the government because of the intervention of the labor candidates. This has usually been the act of the local organization, both Liberal and labor, and their determination to act independently. This local antagonism, general throughout the country, is the main reason in the way of a satisfactory working arrangement and one difficult to get over.

The South African trouble will certainly embarrass still further the relationship between the government and the labor party, whose demand for the

rejection of the act of indemnity just passed by the South African parliament will be reflected. The government has followed up his drastic action by introducing a measure conferring legal rights on the government, the distinction between the extraordinary powers exercised under martial law. Locally, the labor party would also refuse this bill, should it pass, also to be derived for the pleasure of the labor authorities. There is no doubt, however, that South Africa will be left at liberty to work out its problem in the future. It is this effort to turn the Ukter situation into party capital which renders it almost impossible to effect a compromise. But for the internal troubles of the coalition the government would probably be strong enough to compel a compromise, for although seats have been lost there is no evidence that the country has retreated in any considerable degree. The labor and liberal candidates have stood to the end, and the labor party, the leading features of the ministerial policy. Where they differ is in the measure of the kind of social and political reform.

Government Marking Time.
Over home rule the government is marking time. To the intense chagrin of every one of the opposition who expects to find in the premier's promised statement more material for improving its position. It is this effort to turn the Ukter situation into party capital which renders it almost impossible to effect a compromise. But for the internal troubles of the coalition the government would probably be strong enough to compel a compromise, for although seats have been lost there is no evidence that the country has retreated in any considerable degree. The labor and liberal candidates have stood to the end, and the labor party, the leading features of the ministerial policy. Where they differ is in the measure of the kind of social and political reform.

CARRANZA NOT CONSIDERED
Says General Will Not Be
Asked to Investigate Kill-
ing of Benton.

New Orleans, March 2.—Great Britain never will recognize the constitutional party in Mexico even to the extent of requiring that General Carranza investigate the death of Wm. B. Benton, according to Sir Lionel Carden, British minister to Mexico, who was here yesterday on his way to Washington and England.

"Great Britain has recognized the Huerta government as the only constituted authority in Mexico," then why should my government request Carranza for a report on the killing of Benton? Sir Lionel asked. Sir Lionel had refused to discuss Mexican affairs until shown dispatches reporting General Carranza, the Mexican rebel chief, had refused to report to Secretary Bryan on the Benton incident, and that the government had information only at the request of Great Britain. The minister intimated he thought this was a ridiculous stand for the rebel leader to assume. Sir Lionel declined to discuss reports that he is expected to make a statement on the Mexican situation or say what information he would impart to President Wilson with whom he will have Washington Tuesday night for New York to board a steamer for England. He said he would be in Mexico soon and would resume his duties as Great Britain's minister in that country. The minister arrived yesterday from Galveston and spent an hour in New Orleans.

DISASTROUS FIRE AT CHAPLIN BRIDGE BRIGADE SAVES TOWN

Montreal, March 2.—A disastrous early morning conflagration which broke out shortly before 5 o'clock and which destroyed the Chaplin bridge, a neighborhood of \$160,000 damage, destroyed six stores, blocks and dwellings in the business section and threatened for a time this morning to wipe out the entire town of Chaplin, a town situated on the main line of the C.P.R. 14 miles west of Mount Joy. Good work on the part of the bridge brigade organized by the villagers undoubtedly saved the whole town from going up in smoke. Burnings store, Wells and Parkers store, Thurlbills store and Thurlbills residence were destroyed and it was only after a fight that the depot, the hotel and the livery barn, all of which were badly scorched, were saved. Although the hotel was covered by insurance a number of the principal losses have stated that they will not build.

MRS. BULVEY ADDRESSES Y.W.C.A.

There was a very good attendance at the quarterly meeting of the Y. W. C. A. held at the Strathcona Hotel. Many new members availed themselves of the opportunity of seeing the new house, which was open for inspection, and also of hearing some account of the many activities undertaken by the association.

Mrs. L. King presided, and Mrs. Bulvey, hon. president of the association, gave a most helpful short talk on the attributes of a good worker, and Miss Jamieson, travelling secretary for the Dominion Council, gave a brief account of the work of the several departments.

The work in Edmonton has made great progress during the last two years, and with the opening up of the new branches, and the considerable development of the extension work this winter, the Y. W. C. A. has become a strong force in the city.

LOCAL WOMEN DISCUSS HOW BEST TO GET THE FEMALE VOTER IN LINE

The Alberta Women's Equal Rights Association held a luncheon for officers in the Hudson Bay on Saturday, the 25th, followed by a discussion of the best line of policy to follow to get the voting women in line, and the sympathy and influence of all the other women.

The result of information obtained from every source, it was stated, the fact remains that an immense amount of educational work must be done before the full programme arranged by the association can be carried out.

Though the movement has now extended to twenty-one countries (Great Britain, Australia, South Africa, Canada, Great Britain, Germany, Sweden, Hungary, Finland, Italy, Switzerland, France, Iceland, Australia, Belgium) the lack of knowledge in regard to the movement and what it will undoubtedly secure in the way of benefit to women kind in general, almost as dense as that of the Southern states, where the North was fighting for their freedom.

The Equal Rights association is not clamoring for complete manhood and womanhood suffrage, but only that women should be given equal political rights and status with men, not only in municipal, but in provincial and Dominion affairs.

Indeed, First Vice-president Mrs. H. (Mrs. H.) has requested the executive to make it known that she believes in the property qualification for this vote. A sense of responsibility and caution that ownership, hence, should accompany the privilege of law-making.

Preliminary arrangements were made for an open meeting and lecture, announced of which will be given when all arrangements are completed. Seven new members joined the association on Saturday.

Viscount Hylle celebrated his silver wedding yesterday. In thanking his tenants at Castled for their congratulatory address, he announced that he had not sold his estate, though he could have done so, out of consideration to them.

"VENOMOUS TONGUES"

A SPLENDID FEATURE AT EMPRESS THEATRE

"Venomous Tongues" is the name of the special feature film on the program of the Empress Theatre for today and tomorrow at the beautiful Empress theatre. It is a film telling the story of the world's evil, and how a serious tragedy resulted through useless and tireless sacrifice.

The picture introduces Mrs. Francesca Bertini, the talented and beautiful Italian actress. Many of the scenes are gorgeous. The picture is in two acts, and will be shown at the Empress for today and tomorrow only at the usual scale of prices.

Another feature of this program is a recent moving picture taken from the life of Dr. H. J. Janvier's celebrated play, "The Sleeping Sentinel." SEAT SALE OPENS FOR BUTT CONCERT ON FRIDAY NEXT

There is but little question that our coming distinguished visitor, Mme. Clara Butt and Kennerley Rumford will be greeted by a large and enthusiastic audience next Friday evening at the Empress auditorium when these world-renowned singers will make their initial bow to a local public. They are concluding a tour which almost embraces the entire English-speaking world and they have everywhere been greeted with receptions, which it is hardly exaggeration to describe as royal.

From an artistic point of view, the tour has been phenomenal, and all money records both in Australia and on this continent have gone by the board, even the Melba figures which established a record being surpassed.

Seats may now be obtained at the Mason and Ritchie piano store and if the mail order is not the fact that the seats are reserved, whatever the price and this is an innovation which will undoubtedly be reciprocated by the public.

The press of the world has with unanimity which is remarkable, acclaimed Mme. Clara Butt the greatest contralto living today not even excepted.

CANADIENS 6 WANDERERS 5 AND HAVE CHANCE FOR N. H. A. TITLE

Overtime Needed to Decide Winner—If "Flying Frenchmen" Beat Torontos Wednesday Tie Will Result.

Montreal, March 2.—Battling for nearly three hours in overtime, the Canadiens made it four straight when they defeated the Wanderers in their N. H. A. fixture at Arena.

The home team, which had a 6-5 lead at the end of the second session, held the Wanderers for 20 minutes of the regulation time, secured by Scott, which placed the teams on equal terms. The players mixed it up generally at times, getting beyond control of the official shortly after the commencement of play, and from then on almost all regulations were forgotten. Men of both teams got away with numerous offences and used the "butt end" and "cross check" almost at will in the second and third

QUEBEC DEFEATS TORONTOS 5 TO 3

Prospective Champions Took a Tumble and Are in Danger of Being Tied.

Quebec, March 2.—In a match that was remarkable for its numerous end to end rushes and fierce attacks on the respective goals the "Toronto" hockey team, prospective champions, were downed to defeat Saturday evening by the Quebecs by a score of 5 to 3.

The ice, owing to the mist weather, was in poor condition with water over in many places. Notwithstanding this drawback the match was stubbornly contested, both teams showing the greatest determination to win, and every man played as if on him alone rested the issue of the contest.

The line-up: Quebec: Toronto, Morin, goal; Holmes, point; Cameron, Mummery, cover; Marshall, Smith, center; Foyson, Malone, right wing; Davidson, Crawford, left wing; Walker, referee; H. Patton, judge of play; H. Wentwick.

Hon. Martin Burrell, minister of agriculture, faced the puck and formally welcomed the Princeton team on the occasion of its first appearance in Canada.

Jack Ryder makes the statement in the Cincinnati Enquirer that all Joe Tisher got for the advertising he furnished the Federal League was \$19,000 check, payable not earlier than January 1, 1915. If this story is true, he did not show good business judgment. It is easy to stop payment on a check.

5000 PEOPLE WITNESS GRAND EXHIBITION SKI-JUMPING SATURDAY

John Haugen of Edmonton Makes Record Leap of 112 Feet—Fourth Annual Ski Tournament Most Successful.

Edmonton's fourth annual ski tournament held Saturday, was the most successful event of its kind ever held in the province. Over 5,000 people witnessed the afternoon's sport and were treated to some thrilling moments, as well as seeing some splendid jumps made.

John Haugen set a new Canadian record, with a leap of 112 feet, beating his record made last year by three feet. Haugen's leap was a good one, and he kept his feet over the full course. Other leaps of greater distances were made during the day, but the contestants fell before making the descent of the hill and therefore the jump could not count.

Edmonton was the skier to make three big leaps, but was unfortunately enough to fall. Alfred Mahand also made a jump of 112 feet, but fell.

In the neighborhood of 500 people congregated at the foot of the incline, all the way along the slide, up the hill and at the take-off, made a scene not often witnessed in this country. Scores of Kodak "fiends" were busy, and several large machines were on the job for a big picture.

TODAY IN PUGILISTIC ANNALS

1896—Kid McCoy stopped Tommy Ryan in 15th round at Mapleth, near New York City. McCoy had been Ryan's sparring partner, and had been given some hard lumps by the Syracuse boxer. The Hooper was anxious to get even, and he tricked Tommy into believing that the fight was to be very much to the hippodrome. The kid wrote Tommy a letter saying he would be contented with the loser's end, if it was made 50 per cent, to which Tommy assented. While Ryan was hoarse, McCoy was training for the battle of his life, and from the very first round he showed himself Ryan's master. The speedy McCoy made Ryan a chopping block, and landed on him at will. In the fifteenth Ryan was twice knocked down for the count of nine before taking the full count, and McCoy had his revenge.

1907—Jimmy McFarland knocked out Paddy Freslin in 2nd round at Chicago.

1909—Jimmy Gardner defeated Bill McKinnon in 12 rounds at Boston.

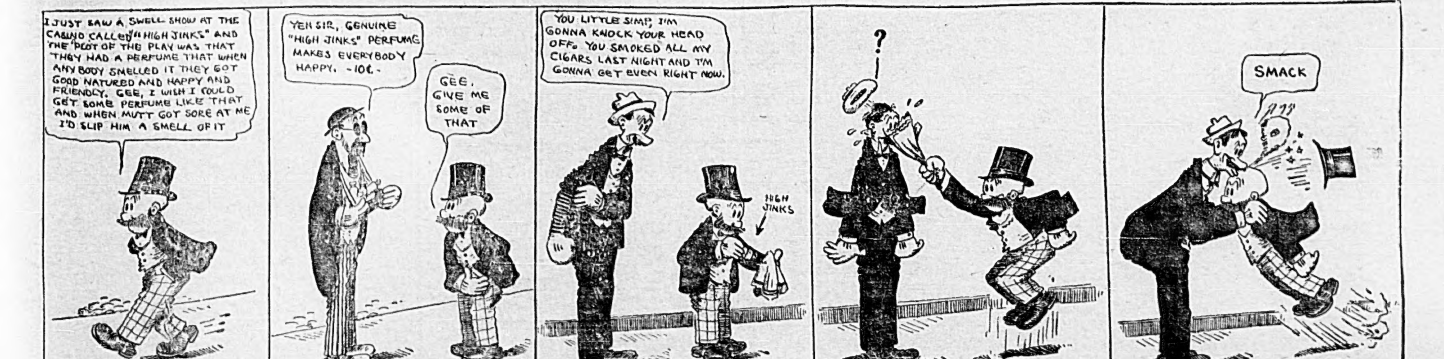

1913—Matty Baldwin defeated Pat Bradley in 6 rounds at Philadelphia.

Jim Sutherland's Kingston boys put Ottawa away for the season at Belleville, winning rather easily by 4 to 1. Kingston will now meet the Orilla champions.

The picture is a product of the finishing genius of Mr. David W. Griffith, the world's highest created moving picture producer and director. His fine hand can be seen from the excellent and high class manner in which the play is presented.

A splendid lesson also is deduced from the picture showing how gratitude and sacrifice is nicely and fully recognized and rewarded.

CANADIENS 6 WANDERERS 5 AND HAVE CHANCE FOR N. H. A. TITLE

Overtime Needed to Decide Winner—If "Flying Frenchmen" Beat Torontos Wednesday Tie Will Result.

Montreal, March 2.—Battling for nearly three minutes overtime Canadiens made it four straight when they defeated the Wanderers in their 25th N. H. A. fixture at Arena Saturday night by 6 to 5. The water covered surface put combination play out of the question, both teams depending altogether on the individual rushes of their forwards. On three occasions the score was tied, the winners leading at the conclusion of the opening period, while at the end of the second session the Wanderers had assumed the lead. The only goal scored in the final 20 minutes of the regulation time was scored by Scott, which placed the teams on equal terms. The players mixed it up generally at times, getting beyond control of the official shortly after the commencement of play, and from then on almost all regulations were forgotten. The Wanderers got away with numerous offside and used the "butt end" and "cross check" almost at will in the second and third periods. Ross and Scott were the only players to draw majors. From an offside play near the Wanderers' goal in the overtime period Berliquet secured the puck from the face off, and taking a shot from long range scored the winning goal, giving Canadiens a new lease-of-life in the championship.

The honors are now in doubt again, and Wanderers contend the situation should they win from Torontos Wednesday it will bring about a tie in the standing, as there is no doubt about the flying Frenchmen heading Torontos in their final game here.

The line-up: Canadiens: Goal, Verina; Defence, Dubois; Wing, Lavolette; Centre, D. Smith; Forward, Scott. Wanderers: Goal, Leland; Defence, C. Cleghorn; Wing, Roberts; Centre, Kendall; Forward, Island.

QUEBEC DEFEATS TORONTOS 5 TO 3

Prospective Champions Took a Tumble and Are in Danger of Being Tied.

Quebec, March 2.—In a match that was remarkable for its numerous end to end rushes and fierce attacks on the respective goals the Toronto hockey team, prospective champions, went down to defeat Saturday evening before the Quebec 5 to 3 score. The ice, owing to the mild weather was in poor condition with water over it in many places. Notwithstanding the drawback the match was stubbornly contested, both teams showing the greatest determination to win, and many played as if on him alone created the issue of the contest.

The line-up: Quebec: Goal, Moran; Defence, Holmes; Wing, Munro; Centre, Marshall; Forward, Smith; Right wing, Davidson; Left wing, Walker; Referee—H. Pullford. Game of play—H. Westwick.

Ottawa Trims Princeton. Ottawa, March 2.—For the second time this season the Princeton and Ottawa university hockey teams clashed Saturday night and the Ottawa students won by a score of 2 to 2. The game, while hotly contested, was clean throughout. Hon. Martin Burriel, minister of agriculture, faced the puck and formally welcomed the Princeton team on the occasion of its first appearance in Canada.

Jack Ryder makes the statement in the Cincinnati Enquirer that all Joe Tinker got for the advertising he furnished the Federal League was a \$10,000 check, payable not earlier than January 1, 1915. If this story is true, Joe did not show good business judgment. It is easy to stop payment on a check.

They are going in for good horses over in New Zealand. Russell Patch, son of Dan Patch, was purchased recently in Minneapolis for Charles B. Hudson, of New Zealand, and shipped by way of the Pacific. Mr. Hudson paid \$1,500 for the horse.

OTTAWAS DEFEAT ONTARIOS 3 TO 2

Twenty Minutes Overtime for Senators to Break the Tie.

Toronto, March 2.—Ottawa won from the Ontarios in a close N.H.A. game in Toronto Saturday night by 3 to 2. When the regular playing time was up each team had scored 2 goals, and another 20 minutes play was made without a rest, the result being a victory for the senators. Neither team extended itself as nothing depended on the game, but it was interesting nevertheless.

The line-up: Ontarios—Goal, Hobert; point, H. McNamara; cover point, Laiter; center, Hunt; left wing, McDonald; right wing, Lowry. Ottawas—Goal, Benedict; point, Gerard; cover point, Darragh; center, Roman; left wing, Duford; right wing, Broadbent.

Aviators Killed. Buenos Ayres, March 2.—Geo. Newbury, the holder of several aeronaut records, was killed in a flight yesterday near the Andes mountains. Lieut. Jimenez Lastra, a passenger, was badly injured.

Lions, France, March 2.—Pierre and Gabriel Salvez, brothers, were killed yesterday while making an experimental flight in a biplane over the plane of their own invention. The left wing of the monoplane came away.

Intercollegiate Bouts. Montreal, March 2.—The final of the intercollegiate wrestling, boxing and fencing bouts were held Saturday evening, McGill being returned winner in seven contests. In doing so McGill won the championship, as Toronto and Quebec were only successful in three bouts each.

Tommy Smith of Quebec, is still away out in front of the goal scoring competition in the N.H.A. He has succeeded in locating the net thirty-seven times; while Lalonde is second with twenty-two to his credit.

REGINA VICTORIES TRIM MELVILLE

Thereby Winning Round Seven Goals to Six—Score Was 5-2.

Regina, March 2.—The fastest game of hockey ever seen in Saskatchewan resulted on Saturday night when the Vics defeated Melville 5 to 2, and thus won out on the ground by 7 goals to six. Melville came here with a lead of 4 goals, and this was increased by one in the first half. It was different in the second half the speedy Vics catching their stride and simply smothering the sturdily but slower Regina. The Vico scored four goals and held their opponents safe all the way. The biggest crowd that ever attended a game in Saskatchewan, saw the contest.

Lincoln Beachey Narrow Escape. Santa Barbara, Calif., Mar. 2.—While jumping the loop here Saturday, Lincoln Beachey, the aviator, lost control of his biplane and fell 1,600 feet, but managed to right himself 400 feet from the ground and escaped with slight injuries. His machine crashed into a tree, but was not greatly damaged.

DICK IRVIN, MONARCH PLAYER, MAY BE BARRED FROM ALLAN CUP GAMES

Played One Game With Strathcona in Independent League—Saskatchewan Winner May Play Dominions.

Winnipeg, Mar. 2.—Whether Dick Irvin, the tricky little centre player of the Monarchs, will be allowed to play in the Allan cup games will not be known for a few days. On Saturday chairman W. Northey of Montreal, of the cup trustees wired Claude Robinson, asking for the constitution of the independent league, be sent to him at once. Robinson crated it back by return mail. Irvin played one game with the Strathcona, the second year of the Monarchs. In the independent league, previous to the opening of the Winnipeg league. He has figured in every Monarch game during the season and his work helped very materially towards giving the team a championship.

Winnipeg league officials do not fear any trouble as the independent league has been always looked upon as an intermediate organization and the fact that Irvin has played every league will do doubt be given favorable consideration by the cup trustees.

That there will be an elimination series for possession of the Allan cup seems a certainty from the trend of a telegram received from Trustee Northey yesterday by Chairman Robinson. Mr. Northey intimated that if Saskatchewan "cheeked" that he would ask the winners to play off with the Edmonton Dominions, while Kenora and the Thunder Bay winners would be required to play off for the right to meet the Monarchs in Winnipeg.

Mr. Northey stated that the Kenora and Edmonton challengers had been accepted and if no other western challenges were received before Wednesday he would order the teams to each play a sudden death game with the Allan cup holders or to first play a sudden death elimination match in Winnipeg and the winners play the two game series with the Monarchs.

Mr. Northey is evidently counting on an eastern team making the trip west after the coveted piece of silverware as he intimates that he will not call on the defenders to play more than three series. He states that the elimination series of course would be Allan cup and governed by the rules which says that the receipts will go to charity.

Slosson and Calvin Demarest.

Hoppe and Yamada will open the tournament tonight.

The players will divide a purse of \$200 and the receipts according to their standing at the end of the tourney.

PENNANTS LOSE TO LACOMBE BY NARROW MARGIN

Home Team Won 5 to 4 Saturday and Take Series—Elliott Injured.

Lacombe intermediates Saturday eliminated the Pennants from the semi-finals, leading to the provincial championship, by defeating the Edmonton lads 5 to 4, and winning the round by one goal. Lacombe will now meet the winner of the Banff-Calgary Vics series for the title.

In the neighborhood of 800 people witnessed the game in the southern burg and enjoyed a much faster brand of hockey than was displayed in the games here last week. The condition of the ice was largely responsible for this. The Pennants were in the lead at the interval, 3 to 1 but owing to an ill-timed goal, the speedy wing man of the Pennants, that team were considerably weakened when he was forced to retire from the game. The teams lined up as follows:

Pennants	Goal	Lacombe
Garrison	Point	Munn
Bill	Cover	Hyslop
Lyons	Right	Reid
Whitlaw	Center	Melvin
Knowlton	Left	Garland
Elliott (McCurdy)	Right	Howie

Hockey Player in Trouble. Montreal, March 2.—Leo Dandurand, who refereed the match between the Wanderers and Canadians at the Arena Saturday night, stated last night that he had reported Geo. Kennedy of the Canadian to the National Hockey association and will take legal action against him. Dandurand alleges that following the match Kennedy threatened him and used abusive language to him in the room set aside for the officials after he had threatened him while on the ice.

Victoria, champions of the British Columbia league, will leave the coast around March 4th, and it is likely that the first game for the world's championship will be staged about the 10th of March.

Three rings of Stratford curlers visit Detroit and demonstrated to their American cousins how the Scotch winter pastime should be played, the Canadians being seven shots to the good at the finish.

5000 PEOPLE WITNESS GRAND EXHIBITION SKI-JUMPING SATURDAY

John Haugen of Edmonton Makes Record Leap of 112 Feet—Fourth Annual Ski Tournament Most Successful.

Edmonton's fourth annual ski tournament held Saturday, was the most successful event of its kind ever held in the province. Over 5,000 people witnessed the afternoon's sport and were treated to some thrilling moments, as well as seeing some splendid jumps made. John Haugen set a new Canadian record, with a leap of 112 feet, leaving his record made last year by three feet. Haugen's leap was a good one, and he kept his feet over the full course. Other leaps of greater distances were made during the day, but the contestants left before making the descent of the hill and therefore the jump could not count. Chief Olson of Edmonton was the skier to make three big leaps, but was unfortunate enough to fall. Adolph Maland also made a jump of 112 feet, but fell.

Saturday was an ideal day for ski sport, and the immense crowd congregated at the foot of the incline, all the way along the slide, up the hill and at the take-off, made a scene not often witnessed in this country. Scores of Kodak "fiends" were busy, and several large machines were on the job for a big picture.

Although there were seventeen entries and five competitions. A good head was in attendance during the entire performance, due to the courtesy of Mayor McNamara, and cast a pleasing air of enjoyment over the entire day. The skiers, much to the wonder of the crowd, and the manner in which some of the contestants handled themselves on their skis was a thing to behold. Points were awarded to the competitors for their afternoon's performance, as follows:

Class A.
1—John Haugen, Edmonton, 552 2-5.
2—Neil Willman, Edmonton, 246 1-3.
3—Otto Sween, Edmonton, 240 1-3.
4—Lars Mahland, Camrose, 234 1-3.
5—Olof Olson, Edmonton, 223 2-3.
6—Gullik Stenson, Edmonton, 199.
7—Ole Haugen, Edmonton, 177.

Class B.
1—Kristian Borsberg, Edmonton, 220 1-3.
2—Elger Sween, Esteville, 188 1-3.
3—Thor Thorsen, Kingman, 168 2-3.
4—Sam Moe, Edmonton, 144.

TODAY IN PUGILISTIC ANNALS

1886—Kid McCoy stopped Tommy Ryan in 15th round at Maupesh, near New York City. McCoy had been Ryan's sparring partner, and had been given some hard lumps by the Syracuse boxer. The Hoosier was anxious to get even, and he tricked Tommy into believing that the fight was to be very much to the hippodrome. The Kid wrote Tommy a letter saying he would be contented with the loser's end, if it was made 50 per cent, to which Tommy assented. While Ryan was boasting, McCoy was training for the battle of his life, and from the very first round he showed himself Ryan's master. The speedy McCoy made Ryan a chopping block, and landed on him at will. In the fifteenth Ryan was twice knocked down, for the count of nine before taking the full count, and McCoy had had his revenge.

1897—Kid McCoy defeated Bill McKinnon in 22 rounds at Boston.

1913—Matty Jahnke defeated Pat Bradley in 6 rounds at Philadelphia.

Jim Sutherland's Kingston boys put Oshawa away for the season at Belleville, winning rather easily by 4 to 1. Kingston will now meet the Grims champions.

VANCOUVER SPIEL OPENS TODAY: 64 RINKS ENTERED

Vancouver, March 2.—All is in readiness for the annual carnival which will be started this morning with 64 rinks entered, which will prove the best yet held. The Winnipeg and other western rinks arrived yesterday morning and appear to be well satisfied with the artificial ice. Six draws a day assured the carnival being wound up in quick time. Among the entries are several crack aggregations, namely the Veterans' Skates of Vancouver, Sam Savage of Calgary, and the Campbell and Gorty quartets from Victoria.

WINNIPEG AGAIN LOSES TO DULUTH HOCKEY TEAM 6-3

Duluth, March 2.—Showing a big improvement over the play of the previous evening, but still displaying ragged form, the Winnipeg hockey team went down to defeat before the crack Duluth seven by a score of 6 to 3 at the local curling club rink Saturday night. Although the first half was rather one-sided, the second was a battle royal, with the Canadians playing their opponents even.

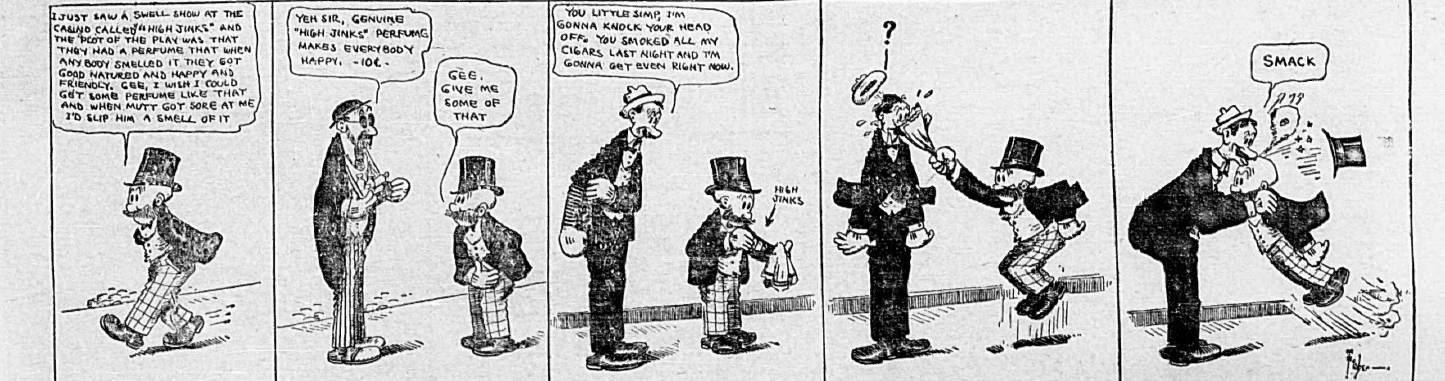

Walter Snell, former catcher of the Boston University team, has been secured by Toronto from the Boston Americans under an optional agreement.
